

**Cope and Stick Inside Edge Profiles**

\*IE51 and IE52 are 1" frame profiles.  
Additional per sq. ft. price and 10 day lead time apply.  
Mullions are not available on these 1" thick profiles.

**Cope and Stick, Combination Frame and Veneer Outside Edge Profiles**

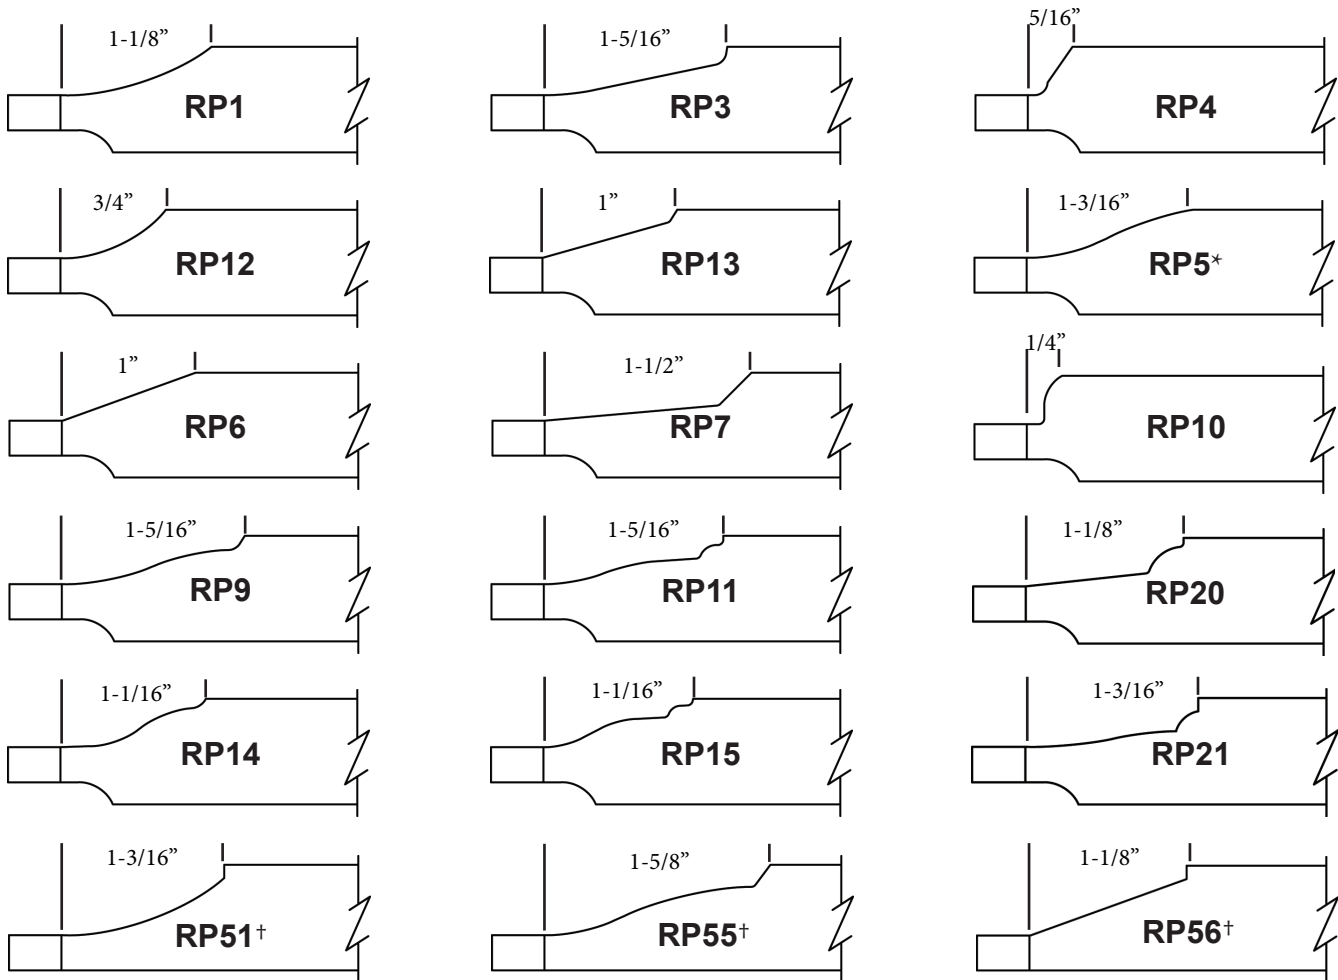

\*Additional sq. ft. or per piece charge applies.

OEABD is available only on slab drawer fronts.

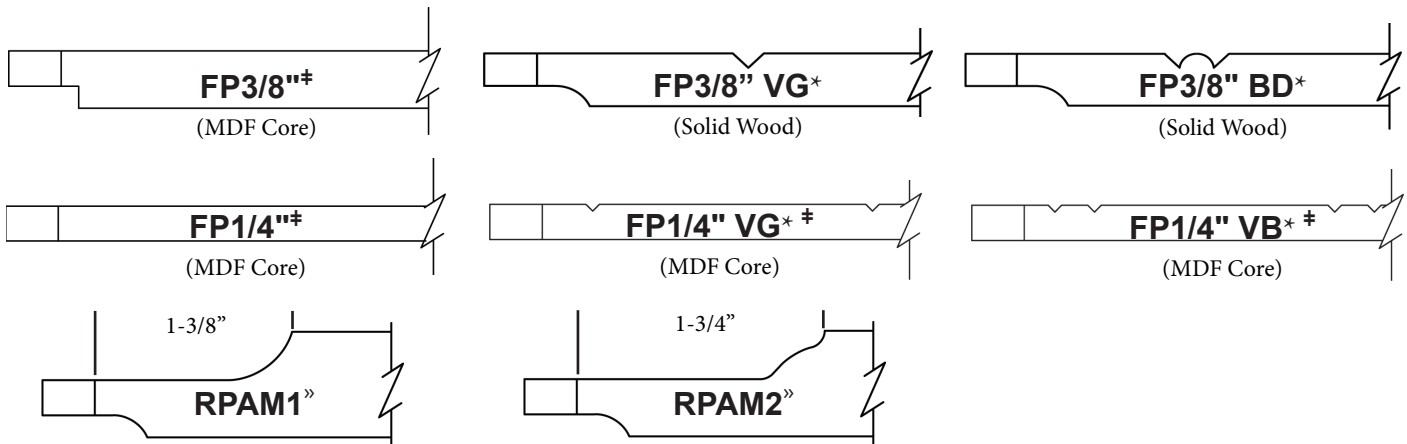

Orders and Information: 512.352.6355 or 866.585.7623 Fax: 512.853.4077

### Panel Profiles

(Noted panel reveal is approximate and can vary due to expansion/contraction)

†RP51, RP55, RP56 are for use with 1" thick stiles and rails. Additional sq. ft. charge applies.

»RPAM1 and RPAM2 are for use on Inside Applied Molding Doors. Reveal varies depending on which applied molding is used.

\*Additional charge applies for RP5, v-groove and beaded v-groove panels. Cathedral and eyebrow arch doors are not available with RP5.

\*FP3/8" VG and FP3/8" BD grooves and beads are centered on panel and are 2" apart on center. \*FP1/4" VB grooves are 1-1/2" apart on center. FP1/4" VG grooves are 2" apart on center. These profiles are solid wood panels so solid, raised panel minimums apply.

‡1/4" and 3/8" MDF core panels have the same species on face and back of the panel for all standard species. 1/4" panels are true 1/4" thickness.

Orders and Information: 512.352.6355 or 866.585.7623 Fax: 512.853.4077
